The initial step of filing the Articles of Incorporation, for your Connecticut Corporation, has been completed by Guidant. The following information is important and will assist you in maintaining your corporate status:

- ✓ **Tax Identification Number:** The Tax Identification number for a business entity is known as an employer identification number (EIN). The EIN operates like a Social Security number for the entity and is required for many necessary activities, such as opening a bank account. Your EIN has already been filed with the IRS, and can be found in the Corporate Documents folder in your Zip File.

- Change of Address and/or Resident Agent Information:** In the event your Corporation's principal office address, your registered office address and/or your resident agent changes, you will be responsible for taking the necessary steps to inform both the Secretary of State and the Internal Revenue Service (IRS) of the address change.
